Allowable Subject Matter

1. Claims 1, 5-7, 11-33 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art taken singly or in combination does not teach or suggest, a mobile station among other things, comprising "a second display means mounted on a second side of the folding cover having 'n' second signal lines and 'm – k' scan lines wherein each of the 'n' second signal lines is electrically connected to a respective one of the 'n' first signal lines".

The closest prior art, Kim (U.S. No. 6,262,785) and Higginbotham et al. (U.S. No. 5,896,575) in combination teaches a mobile device having a controller to enable a first display in an opening position and enable a second display in a closing position, an operator for operating the first and second displays.

However, the cited references fail to teach each of the 'n' second signal lines is electrically connected to a respective one of the 'n' first signal lines.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
